Irish Wheelchair Association

WHAT WE FIT

Wide-span canopies. Up to 7m wide on just two posts, glass or polycarbonate roof.

Glass rooms and terraces. Glass roof, built-in LEDs, sliding glass walls.

Louvred and retractable roofs. Open on good days, closed when it rains.

Freestanding shelters. Outdoor classrooms, smoking and spectator cover.

Carports. Staff, visitor and EV parking.

BUILT TO LAST

Powder-coated aluminium frames in four colours, no maintenance beyond a wash.

8.8mm laminated safety glass roofs.

Gutters and downpipes built into the frame.

Smoking shelters designed to the 50% open rule in NI and the Republic.

Written warranty of up to ten years.

HOW WE WORK

1

Site visit

We measure up and talk through how you'll use the space.

2

Drawing and quote

A written quote with a drawing, ready for your board or planning.

3

Paperwork

Method statement and insurance documents for your site.

4

Our crews fit it

Most jobs take one to three days on site.
